Five revenue lines create multiple ways to win

Start with sales; add recurring and specialist income as the channel proves itself.

A

Lawful routes protect buyer confidence

Every buyer and asset is matched to a defensible structure.

verify the 49% project quota

02 Registered 30-year lease
Fully enforceable term · price on 30 years only

Thai counsel confirms each structure before commitment.

Superficies and usufruct remain case-specific.

**No additional office capital is implied
without a separate written decision.**

The commercial frame aligns contribution and reward

Equity rewards commitment; deal income follows client source.

A Equity
75% Alex / 25% Jason · moves to 85 / 15 if support is not delivered

B LPC-originated
50 / 50 · dated referral registration controls attribution

C Alex-originated
80 / 20 · independent clients remain outside exclusivity

D Earned exclusivity
Three months at US\$50k+ LPC fees · quarterly lapse test

Start with one verified mandate, then expand
